PATENT

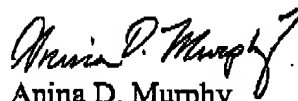

Remarks

Applicants have deleted the diagram at the top of page 56 and reproduced the deleted diagram as a drawing sheet containing new Figure 22. To conform the specification to the drawings, the The Brief Description of the Figures section has been amended to include a description of new Figure 22. Thus, the addition of Figure 22 and the amendment to the specification contain no new matter.

Claims 49 and 50 have been cancelled as per Examiner Walicka's telephone request of March 28, 2003. Claim 62 has been amended to delete SEQ ID NO:56 and the β -secretase protein. Claims 58 and 62 have been amended to delete SEQ ID NO:2.

Entry of this amendment is respectfully urged. This amendment is submitted at the request of the Examiner Walicka, and corrects a formal matter relating to the specification and drawings.

Respectfully submitted,

Anina D. Murphy
